

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan D. Christenson (Reg No. 54,036) on 05/21/2010.

Please amend the claims as follows:

Claim 10 (Currently Amended) A method for priority analysis of access transactions in an information system, comprising:

determining, by a server, a priority metric for an incoming access transaction to a persistent storage in the information system;

selecting, by the server, which of a set of storage access subsystems is to be used when performing the incoming access transaction by matching the priority metric to a power management rank for each storage access subsystem; and

selectively changing, by the server, the power state of each storage access subsystem based on the power management rank assigned to each storage access subsystem.
